Re: *Ex Parte* Communication, RM-11626; RM-11592

Dear Ms. Dortch:

On March 30, 2012, Christopher Guttman-McCabe, Vice President, Regulatory Affairs, and Krista Witanowski, Assistant Vice President, Regulatory Affairs, CTIA–The Wireless Association®, were joined by several CTIA members for a meeting with the FCC’s Wireless Telecommunications Bureau. CTIA members participating in the meeting included Joe Marx of AT&T, Susan Butler and Chip Pickering (via phone) on behalf of Cavalier Wireless, Grant Spellmeyer of U.S. Cellular, Tamara Preiss of Verizon, and Richard Harvey (via phone) of Verizon Wireless and Eric DeSilva of Wiley Rein. The above parties met with Jim Schlichting, Senior Deputy Bureau Chief of the Wireless Telecommunications Bureau, along with, Melissa Tye, Roger Noel, Lloyd Coward, Paul Powell, and Nicole McGinnis, all of the Wireless Telecommunications Bureau.

CTIA explained that its members remain committed to delivering on the President’s and the Commission’s spectrum policy goal of encouraging rapid wireless broadband buildout. In this vein, CTIA discussed interference concerns to wireless licensees in the 700 MHz A, B and C Blocks. CTIA shared the attached list of Channel 51 broadcasters. CTIA highlighted these interference issues in the context of its 2011 Petition for Rulemaking and Request for Licensing Freezes (“Petition”) on applications for television broadcast stations on Channel 51.¹

¹ See Petition for Rulemaking and Request for Licensing Freezes by CTIA – The Wireless Association and Rural Cellular Association, RM-11626, at 1 (March 15, 2011) (“Petition for Rulemaking”).

Pursuant to Section 1.1206 of the Commission's Rules, this letter is being electronically filed with your office. If you have any questions regarding this submission, please contact the undersigned.

Sincerely,

/s/ Krista L. Witanowski
